*To the Rt. Hon. Sir Robert Laird Borden, P.C., G.C.M.G., K.C., LL.D.,
Prime Minister and Secretary of State for External Affairs.*

SIR,—I have the honour to submit for your consideration to be laid on the table of the House, the Third Report of the War Purchasing Commission covering the year ending March 31, 1919.

I have the honour to remain, sir,

Your obedient servant,

H. LAPORTE,

Chairman.

April 1, 1919.

THIRD REPORT OF THE WAR PURCHASING COMMISSION

(Year ending March 31, 1919.)

Introduction.

The War Purchasing Commission, consisting of three honorary members, was formed in May, 1915, for the purpose of supervising purchases under the provisions of the War Appropriation Act. The largest part of the work, of course, has been in connection with purchases for the Canadian Expeditionary Force.

In February, 1918, the commission was authorized by Order in Council to take charge of all Government purchasing for all departments and for all purposes.

Previous Reports.

The manner in which the commission conducts its business has been described in previous reports, copies of which may be obtained from the Distribution Office, Department of Public Printing and Stationery, Ottawa.

First Report, May 8, 1915, to December 31, 1916; 4 volumes, 2,686 pages; price two dollars, contains copies of all the minutes recording the daily transactions of the commission and all Orders in Council authorizing purchases for the period named, and classified lists of firms asked to tender.

Second Report, January 1, 1917, to March 31, 1918; 1 volume, 164 pages; price fifteen cents, contains a brief introduction describing the methods and work of the commission and classified lists of firms asked to tender, names of those who received contracts being printed in bold-faced type.

The annual reports of the Auditor General give details of all firms and persons receiving contracts and orders, and the amount of money paid to each. It is, therefore, not necessary to give this information in the report of the War Purchasing Commission.

Objects.

The objects of the War Purchasing Commission are the saving of public money and the abolition of patronage, and are clearly indicated in the following extract from Order in Council P.C. 307 of February 6, 1918:—

“ . . . And whereas the Prime Minister observes that the establishment of the War Purchasing Commission has resulted in a very great saving of public money, as well as in the abolition of patronage in respect of purchases for the war, and that it is important to extend this system as widely as possible, pending consideration of permanent provision for that purpose after fuller study and consideration of the problems involved . . . ”

The commission recommended to the Prime Minister in September last the establishment of a permanent purchasing commission and the centralizing of this work in one office.

Basis of Public Purchasing.

The mere obtaining of a fair and reasonable price does not of itself justify any particular purchase. The public demand that, as far as reasonably possible, every firm in the line of business concerned has the right to an opportunity of participating in public business; hence the necessity for the repeated calling of tenders. This is, in fact, the only feature which differentiates public from private purchasing. In private life purchases may be made from one individual or one firm as long as it suits the purchaser; in public buying, however, opportunities must be given to all persons or firms concerned in the line of business.

Value and Number of Purchases.

The commission has been in existence nearly four years, and during that time has supervised purchases and contracts aggregating upwards of two hundred million dollars. On page ix is given a summary showing approximately the value of purchases authorized by the commission during the past year for the different departments of the Government, but, in addition to contracts included in the values shown, numerous contracts have been authorized for which the values are not shown, although all purchases are, of course, reported exactly in the Auditor General's report. These unknown amounts consist principally of supply contracts. For example, a contract will be given after tenders have been called for the supply of provisions, forage, etc., during a period of time. The commission does not in its minutes record an estimate of the value of this contract nor has the commission thought it necessary to obtain a report from the department showing the total amount of money spent.

In examining these figures it must be borne in mind that the past year has been abnormal. Some departments had reduced their purchasing to the smallest possible compass, whereas, others, such as the Militia or Naval Service had large purchases to make on account of the war.

The number of purchases and the work involved may perhaps best be indicated by the number of sessions held, and of minutes which record the commission's transactions.

Year.	Sessions per Year.	Minutes per Year.	Minutes per Session.
*1915-16..	188	6,030	32
1916-17..	227	8,216	36
1917-18..	257	7,464	33
1918-19..	290	16,247	56
Total..	962	37,957	39

* May 6, 1915 to March 31, 1916; other years April 1 to March 31 following.

The increased amount of work during the past year indicated above is due to the fact that the commission has had to deal with the purchases of all departments for all purposes in addition to those known as "War Purchases."

Duties Additional to Purchasing.

The commission has been asked by the Government from time to time to attend to other duties, and the following instances may be of interest:—

(a) *War Trade Board*.—The Chairman of the War Purchasing Commission was *ex-officio* a member of the War Trade Board. The War Trade Board, on the one hand, had to see that goods which were required for military or important Government

purposes in Canada were not exported from Canada, and, therefore, constant reference had to be made to the War Purchasing Commission as to whether a license to export should or should not be issued. On the other hand, it was the duty of the War Trade Board to obtain, when justified, permission from the British, United States, or possibly other Governments, to export from their countries into Canada, and here again the War Purchasing Commission often had to give an opinion as to whether the Canadian Government was justified in asking for a relaxation of another Government's restrictions regarding exportation.

(b) *Arbitration of price to be paid by British Ministry of Food for Canned Salmon.*—A large quantity of canned salmon (value about eight million dollars) was commandeered by the Government for the British Ministry of Food, but prices had to be left to arbitration. The Government asked the commission to act as arbitrators, and the commission was able to bring together representatives of the canners and the British Ministry of Food and arrived at a settlement in a short time which was fair and satisfactory to them both. A copy of the commission's minute No. 20-6-M of December 13, 1918, recording this matter is printed on page x.

(c) *Cancellation of contracts of the Militia Department subsequent to the Armistice.*—Subsequent to the announcement of the armistice in November, it was found necessary to cancel a large number of contracts. The War Purchasing Commission was asked to adjust claims arising therefrom. On the 22nd of January a report was made to the Prime Minister showing that the work had been practically completed, and that contracts to the value of about eight million dollars were cancelled, the average compensation for cancellation being under 10 per cent. The commission is glad to record that in no case has an appeal been made against its rulings, and also that the contractors met the commission in the best spirit possible and, with remarkably few exceptions, were most reasonable. The report mentioned is printed on pages XII and XIII.

(d) *Disposal of Surplus Stores.*—The commission is at the present time charged with the sale of military and naval surplus stores. These stores consist of a great many items, including cloth; new and second-hand clothing, equipment, hardware, tents, blankets, camp supplies, etc.; flour, canned milk, tea, coffee, etc.; condemned clothing, junk, old brass, metals, leather, rubber, etc. Arrangements have been made for the exportation of quantities of these goods, but most of the sales will be made by tender in a similar manner to that in which purchases are made. Dominion, provincial and municipal departments, hospitals, charitable, philanthropic, and similar institutions which are conducted for the benefit of the public and not for profit, may purchase goods without tender at prices established by the commission. Many of these stores are being transferred to other departments of the Government.

Some question has been raised as to the disturbance of markets by placing these stores on sale in Canada, but the commission has no hesitation in saying that the effect on market prices will be negligible. While the number of different articles is large, the total quantity of any one article, with few exceptions, is small, and in most cases the articles are not those which are sold in ordinary trade.

(e) *Transportation.*—The commission has also been responsible for the rates arranged for the transportation of troops from and to Canada.

Conclusion.

In closing this its final report the commission wishes to record that it has been a privilege to carry on this work extending over a period of four anxious years.

The support of the Prime Minister, the Cabinet, and the members of both Houses of Parliament has contributed greatly to the results obtained.

Reference should be made to the splendid services of the staff who responded cheerfully to all calls, even when night work for long periods was involved. The spirit of service in war time permeated the entire staff.

The only change in the personnel of the commission was the appointment of Mr. W. P. Gundy to succeed Sir Edward Kemp, who resigned on his appointment as Overseas Minister of Militia.

As a result of four years' experience the creation of a permanent central purchasing commission for Canada is unhesitatingly recommended.

H. LAPORTE,

Chairman.

G. F. GALT,

Commissioner.

W. P. GUNDY,

Commissioner.

OFFICE OF THE WAR PURCHASING COMMISSION,

Canned Salmon.

War Purchasing Commission Session No. 875, Minute No. 20-6-M, December 13, 1918.

Prices to be paid by the British Ministry of Food for Canned Salmon commandeered by the Canadian Government on the recommendation of the Canada Food Board.

1. Clause No. 3 of Order in Council P.C. 2519 as amended by P.C. No. 2536 of October 17 reads as follows: "Price to be paid for any canned salmon requisitioned under this order shall be determined by the War Purchasing Commission, whose decision or the decision of a majority of whom shall be final."
2. Since the passing of this Order in Council, the commission has spared no efforts to secure all information possible to ascertain the necessary facts on which it could base its judgment.
3. Mr. William Piercy, Director of the British Ministry of Food, has kindly visited Ottawa three times and Vancouver once in order to advise the commission as to the Ministry's side of the negotiations.
4. Mr. A. E. Howard, of the War Purchasing Commission's staff, has made two visits to Vancouver to interview the canners individually and collectively and has also obtained first hand information from other sources, and has presented comprehensive reports bearing on every phase of the situation.
5. Mr. H. B. Thomson, Chairman of the Canada Food Board, has been consulted and has supplied the commission with information.
6. The commission distributed to all canners two circulars asking for information and statements, one dated October 26 and the other November 21, the latter suggesting that duly appointed representatives of the canners should visit Ottawa so that personal interviews with the commission could take place.
7. At a meeting of the B.C. Canners' Association held in Vancouver on November 29, to which members and non-members were invited and which was attended by practically all parties concerned, the following representatives were appointed to meet the War Purchasing Commission in Ottawa and were empowered to act for all canners concerned: Mr. W. H. Barker, Mr. Henry Doyle, and Mr. M. DesBrisay.
8. These representatives, accompanied by Mr. B. C. Mess, manager of the B.C. Canning Company, were in Ottawa from the 8th to the 13th instant, inclusive, and supplied the commission with much information, both verbal and written.
9. The commission, having very carefully considered all information submitted and taken everything into consideration, rules that the following prices are fair and reasonable and are to be paid per case of 48 pounds net:—

	Talls.	Flats.	½ Flats.	Ovals.	½ Ovals.
Sockeyes... ..per case.	\$14 50	\$15 00	\$16 00	\$16 00	\$17 50
Red Springs... .."	13 00	13 50	14 00	14 00
Cohoos... .."	11 50	12 00	13 00
Pinks... .."	6 00	8 25	9 50

(a) All the above prices are for labelled cans. For unlabelled cans there is to be a reduction of fifteen cents per case of one-pound cans, and twenty cents per case for all shapes of half-pound cans.

(b) All the prices are subject to the usual two and one-half per cent trade discount and one-half of one per cent in lieu of the usual ten per cent examination, this being in accordance with draft agreement drawn up by the British Ministry of Food and accepted by the canners, dated November 26.

10. The representatives of the canners mentioned above and Mr. William Piercy, representing the British Ministry of Food, have all expressed themselves as entirely satisfied with the hearings given them by the commission, and hereby subscribe their names:--

W. H. BARKER,

M. DESBRISAY,

HENRY DOYLE,

representing the B.C. Salmon Canners.

B. C. MESS,

for the B.C. Canning Co., Ltd.

WILLIAM PIERCY,

for the British Ministry of Food.

H. LAPORTE, *Chairman,*

G. F. GALT, *Commissioner,*

War Purchasing Commission.

Cancellations of Department of Militia and Defence Contracts.

MEMORANDUM TO THE PRIME MINISTER.

January 22, 1919.

Referring to Order in Council, P.C. 2948, of November 29, 1918, which directed the War Purchasing Commission to settle claims arising out of cancellations of contracts by the Department of Militia and Defence owing to the armistice, the commission takes pleasure in reporting that this work is completed, with the exception of a few minor matters outstanding which will not appreciably affect the situation.

Attached hereto is a statement of which the following is a summary:—

Total approximate value of contracts originally cancelled.. . . .	\$12,009,600
Total approximate value of orders reinstated because process of manufacture was so far advanced, or for other good and sufficient reasons.. . . .	3,837,200
Total approximate value of orders remaining cancelled.. . . .	8,246,400
Total approximate amount of cash to be paid in respect of such cancellations.. . . .	808,100

Regarding the directions contained in P.C. No. 2948, that the War Purchasing Commission is to dispose of all stores, whether used or new, for which the Department of Militia and Defence has no further use, the commission is waiting for the report of the committee appointed by Order in Council, P.C. 3161 of December 24, 1918, which no doubt will be made in due course.

Respectfully submitted,

H. LAPORTE,
Chairman.

CANCELLATION ADJUSTMENTS.

January 21, 1919.

Authority: P.C. 2948, November 29, 1918. Memorandum of adjustments made in connection with the Department of Militia and Defence contracts cancelled owing to Armistice of November 11, 1918.

Orders in Council.

The following is a memorandum of Orders in Council constituting and affecting the War Purchasing Commission. They are printed in full herein:—

P.C. 1033, May 8, 1915.—Appointing Hon. A. E. Kemp, Chairman, G. F. Galt, Esq., and H. Laporte, Esq., as the War Purchasing Commission to supervise purchase of all equipment, stores, and supplies, for which payment had to be made out of the War Appropriation Funds, and defining the duties of the commission and the manner in which such purchases should be made.

P.C. 1511, June 30, 1915.—Relieving the commission of the duty of purchasing horses.

P.C. 1512, June 30, 1915.—Instructing that all tenders coming within the scope of the commission should be opened only in the presence of a representative of the commission.

P.C. 160, January 25, 1916.—Relieving the commission of the duties of purchasing wheat, oats, flour and hay for the British or Allied Governments.

P.C. 3180, November 10, 1917.—Accepting resignation of Sir A. E. Kemp as a member and chairman of the commission.

P.C. 3181, November 10, 1917.—Appointing Hormisdas Laporte, Esq., chairman of the commission.

P.C. 3183, November 10, 1917.—Appointing William P. Gundy, Esq., member of the commission.

P.C. No. 307, of February 6, 1918, as amended by P.C. No. 15 of January 9, 1919, instructing that all purchases made by the several departments, commissions and boards of the Government, for any purpose, whether connected with the prosecution of the war or otherwise, should be made under the supervision of the War Purchasing Commission.

P.C. No. 1504, of June 15, 1918, directing that requisitions of the value exceeding \$500 must be approved by the minister of the department, and less than \$500 by the deputy minister.

P.C. No. 10-1948, of the 5th August, 1918, directing that contractors may deposit bonds of the various Dominion war loan issues as security deposits instead of certified bank cheques.

P.C. No. 883, of the 26th April, 1918, as amended by P.C. 1285 of May 25, 1918, setting forth certain regulations regarding emergency purchases, purchases for the Canadian Government Railways, and special classes of purchases.

P.C. No. 2519, of October 11, 1918, as amended by P.C. No. 2536, of October 17, 1918, clause 3 of which directs that the War Purchasing Commission shall set price of canned salmon seized by the Canadian Government on behalf of the British Ministry of Food.

P.C. No. 2948 of the 29th November, 1918, directing that the War Purchasing Commission make settlement with Militia Department contractors whose contracts have been cancelled owing to the armistice, and also directing the commission to dispose of surplus and condemned stores of the Militia Department.

P.C. No. 3161 of the 24th December, 1918, appointing a committee to advise the Government as to the method of taking stock of surplus stores in all departments, and as to the method of disposing of the same.

Copies of Orders in Council appointing the War Purchasing Commission and defining its duties.

P.C. 1033.

CERTIFIED Copy of a Report of the Committee of the Privy Council, approved by His Royal Highness the Governor General on the 8th of May, 1915.

The Committee of the Privy Council have had before them a report, dated 4th May, 1915, from the Right Honourable the Prime Minister, directing attention to the provisions of the War Appropriation Act, 1915, which set out that in addition to the ordinary grants of Parliament a sum not exceeding one hundred million dollars (\$100,000,000) may be paid and applied towards defraying the expenses incurred by and under the authority of the Governor in Council during the year ending March 31, 1916, in the conduct of the military and other operations undertaken by Canada, arising out of the European war now in progress.

In view of the special and extraordinary expenditures entailed by these operations, the Prime Minister submits that it is in the public interest that a commission be appointed, composed of persons of experience in the conduct of business affairs, who, under the authority of and responsible to the Governor in Council, shall control the making of contracts in connection with such expenditures and perform such other functions as are hereinafter set out.

The Prime Minister, therefore, recommends that a commission be appointed and that the constitution, powers, duties and regulations under which the commission shall act shall be as follows:—

1. The commission shall be known as the War Purchasing Commission and shall consist of three honorary members appointed by the Governor in Council. There shall be a secretary to the commission appointed by the Governor in Council upon the recommendation of the commission at a salary approved by the Governor in Council.

2. The concurrence of at least two of its members shall be necessary for the execution of any act by the commission, and the act of two of its members shall be deemed to be the act of the commission.

3. All purchases of clothing, equipment, arms, guns, ammunition, horses, munitions and materials of war and supplies of every kind, and all contracts for such purposes, and all contracts for transportation, payable out of the funds appropriated by the War Appropriation Act, 1915, or out of the funds appropriated by any other Act for the purposes enumerated in the War Appropriation Act, 1915, shall be made by the commission or made under its direction and control, and the commission is hereby empowered on behalf of the Government to make such purchases and to enter into or direct and control the making of such contracts.

4. The commission shall on behalf of the Government enter into and direct all purchases of supplies and munitions of war which the Government may undertake for the British or any allied Government, excepting such purchases as fall within the scope of the functions of the Shell Committee.

5. Before any such contract as is mentioned in paragraph 3 hereof is made, authority for expenditures out of money appropriated by the War Appropriation Act, 1915, or any Act appropriating money for the purposes for which expenditures can be made under that Act, must be given by Order in Council in accordance with the said Act. This authority may be a general authority for making expenditures necessary to effect any of the purposes authorized by the Act or it may be a specific authority approving of the making of certain purchases; and all Orders in Council hereafter passed granting such authority shall be on the recommendation of the Prime Minister, based upon the report, concurred in by the commission, of the department concerned.

6. No contract shall be made by the commission or under its authority except upon requisitions made upon the commission by the department concerned. Such requisition shall refer to the Order in Council authorizing the expenditure called for by the requisition and shall state with particularity (a) the articles and materials needed, the quantity and description thereof and the time and place of delivery; (b) the nature of the service to be contracted for. The commission shall have no authority to change or vary such requisition, but may in respect thereof make through the Prime Minister to the Governor in Council such representations as it sees fit.

7. In respect of all contracts to be made by the commission or to be entered into on its behalf, the following regulations shall obtain as far as practicable:—

(a) Tenders shall be called for;

(b) Purchases shall be made and contracts given at the lowest price offered.

These regulations may be departed from only in cases of urgency due to military considerations of the moment or for other good and sufficient reason, and in any such case the grounds of the departure shall be clearly recorded.

8. If the contract is entered into by the commission directly or by any one on its behalf other than officers of the department concerned, the contract and all particulars thereof shall be communicated forthwith to the department concerned. It shall be the duty of the officers of the department concerned, subject to the supervision of the commission, to see that all contracts made under the authority of paragraph 3 hereof are performed in accordance with the respective terms of such contracts.

9. The commission may make inquiry as to the quantities of military and naval stores and other munitions and materials of war in the possession of the Government, the respective quantities or number of the like contracted for and not delivered, as well as the probable needs in the immediate future for all such stores, munitions and materials.

10. The commission may, on the authority of and at a rate of remuneration approved by the Governor in Council, employ such expert assistants as may by the commission be deemed necessary, in order that complete information in reference to the matters mentioned in paragraph 9 may at all times be available, and such assistants may be employed by the commission to revise and perfect methods of keeping records in regard thereto for the use of the commission and the departments concerned.

11. It shall be the duty of the departments concerned and of all officers and employees of the Government to afford to the commission all possible information in regard to any of the matters falling within the scope of the duties and powers of the commission as herein set out and to co-operate with the commission in the performance of such duties and the exercise of such powers whenever required by the commission.

12. All relevant departmental and other records, documents and papers shall be placed at the disposal of the commission.

13. The commission may make report to the Prime Minister from time to time in reference to any matter within the scope of its duties as herein outlined, with any recommendations the commission may see fit to make; and the Governor in Council and the Prime Minister may require from the commission a report in regard to any of such matters.

14. The commission shall keep a systematic record of all its transactions.

15. The commission shall be furnished with such office accommodation as may be necessary and may employ such number of officers, clerks and servants, at such rates of remuneration, not exceeding amounts named, as the Governor in Council may approve.

16. The members of the commission shall be entitled to be reimbursed all travelling expenses and to be paid a living allowance of ten dollars per diem while actually engaged in the work of the commission.

17. All salaries, wages and other expenditures incurred under the authority hereof shall be payable out of moneys appropriated by the War Appropriation Act, 1915, or any Act appropriating moneys for the purposes mentioned in that Act.

18. The following shall be the members of the commission:—

The Honourable Albert Edward Kemp, of Toronto; George Frederick Galt, Esquire, of Winnipeg; and Hormisdas Laporte, Esquire, of Montreal.

The first named shall be chairman.

19. All purchases of supplies and articles mentioned in the third paragraph hereof made out of the said appropriation before the passing of this Minute and all contracts therefor shall be examined and reported upon by the said commission.

The committee concur in the foregoing and submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

P.C. 1511.

CERTIFIED copy of a Report of the Committee of the Privy Council, approved by His Royal Highness the Governor General on the 30th June, 1915.

The Committee of the Privy Council have had before them a report, dated 25th June, 1915, from the War Purchasing Commission, suggesting that the Commission be relieved of the duty of purchasing horses.

The Committee, on the recommendation of the Right Honourable Sir Robert Laird Borden, the Prime Minister, advise that the Order in Council of the 8th May, 1915, (P.C. No. 1033), which authorized the appointment of the War Purchasing Commission, be amended by striking out the word "horses" in the second line of the third section of the powers, duties and regulations under which the said Commission shall act.

F. K. BENNETTS,
Asst. Clerk of the Privy Council.

P. C. 1512.

AT THE GOVERNMENT HOUSE AT OTTAWA.

WEDNESDAY, the 30th day of June, 1915.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR GENERAL IN COUNCIL.

His Royal Highness the Governor General in Council is pleased to make the following regulations governing the opening of tenders received by any Department and coming within the scope of the War Purchasing Commission under the provisions of the War Appropriation Act of 1915, and the same are hereby made and established, accordingly, viz.—

Tenders coming within the scope of the War Purchasing Commission, under the provisions of the War Appropriation Act of 1915, received by any Department of the Government service, shall be opened only in the presence of an official or representative of the War Purchasing Commission.

Such tenders when opened shall be initialled by the official of the Department in which the tender is received and by the official or representative of the War Purchasing Commission, present when the tenders are opened, and a memorandum, in duplicate, of such tenders shall be prepared and initialled by the said representatives of the Department and of the War Purchasing Commission.

F. K. BENNETTS,
Assistant Clerk of the Privy Council.

P.C. 160.

CERTIFIED copy of a Report of the Committee of the Privy Council, approved by His Royal Highness the Governor General on the 26th January, 1916.

The Committee of the Privy Council have had before them a report, dated 25th January, 1916, from the Right Honourable the Prime Minister, stating that he has had under consideration the provisions of an Order in Council approved on the 8th May, 1915, (P.C. 1033), under which the War Purchasing Commission was established.

The Minister observes that it has been pointed out that the Department of Trade and Commerce and the Department of Agriculture have excellent facilities for making purchases of wheat, oats, flour and hay, for the British or any of the Allied Governments, and that purchases have been made accordingly.

The Minister therefore recommends that paragraph No. 4 of the Order in Council in question be repealed, and that the following be substituted therefor:—

“4. The Commission shall, on behalf of the Government, enter into and direct all purchases of supplies and munitions of war which the Government may undertake for the British or any Allied Government, excepting the purchase of wheat, oats, flour and hay, and such purchases as fall within the scope of the functions of the Imperial Munitions Board”;

The same to be considered as having come into effect on the 8th day of May, 1915.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

P.C. 3180.

CERTIFIED copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 10th November, 1917.

The Committee of the Privy Council, on the recommendation of the Right Honourable the Prime Minister, advise that the resignation of Sir A. E. Kemp, as a Member of the War Purchasing Commission and as Chairman of the said Commission, be accepted.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

P.C. 3181.

CERTIFIED copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 10th November, 1917.

The Committee of the Privy Council, on the recommendation of the Right Honourable the Prime Minister, advise that Hormisdas Laporte, Esquire, of Montreal, a Member of the War Purchasing Commission, be appointed Chairman of the said Commission.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

P.C. 3183.

CERTIFIED copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 10th November, 1917.

The Committee of the Privy Council, on the recommendation of the Right Honourable the Prime Minister, advise that William P. Gundy, Esquire, of Toronto, be appointed a Member of the War Purchasing Commission.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

P.C. 307.

As amended by P.C. 15 of Thursday the 9th day of January, 1919.

AT THE GOVERNMENT HOUSE AT OTTAWA.

WEDNESDAY, the 6th day of February, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

Whereas the Right Honourable the Prime Minister directs attention to the Order in Council (P.C. 1033), dated 8th May, 1915, whereby the War Purchasing Commission was established, and to the Orders in Council of 30th June, 1915, (P.C. 1511 and 1512);

And whereas the Prime Minister is of the opinion that the provisions of the above-mentioned Orders in Council and the functions of the War Purchasing Commission might with advantage be extended to all purchases by the several Departments of the Government for any purpose, whether connected with the prosecution of the war or otherwise, subject to the provisions hereinafter set forth;

And whereas the Prime Minister observes that the establishment of the War Purchasing Commission has resulted in a very great saving of public moneys, as well as in the abolition of patronage in respect of purchases for the war, and that it is important to extend this system as widely as possible, pending consideration of permanent provision for that purpose after fuller study and consideration of the problems involved;

Therefore His Excellency the Governor General in Council, on the recommendation of the Prime Minister, and under the provisions of the War Measures Act, 1914, and under all other powers vested in the Governor in Council, is pleased to make the following regulations and the same are hereby made and enacted accordingly:—

REGULATIONS.

(1) Except as hereinafter provided the provisions of the Order in Council (P.C. 1033) approved on the 8th day of May, 1915, and of the amending Orders in Council above mentioned, shall apply to all purchases to be made by the several Departments of the Government for any materials, supplies, stores, goods, or articles of every kind.

(2) All purchases of materials, supplies, stores, goods and articles of every kind required by any Department (either directly or through a Commission authorized to incur expenditure) or for either House of Parliament, including paper, articles of stationery and books, but not including books for the Library of Parliament or printed books for the Chaplains, libraries or schools in the Penitentiaries, shall be made by the War Purchasing Commission created under the authority of the Order in Council of the 8th day of May, 1915, (P.C. 1033) (hereinafter called the Commission) or made under its direction and control, and the Commission shall have power on behalf of His Majesty to make such purchases and enter into or direct or control the making of any contracts for such purposes.

(3) No contract or purchase shall be made by the Commission or under its authority except for goods or articles included in estimates or requisitions received by the Commission from a Department or Departments or from the Senate or the House of Commons. A requisition shall in every case refer to the authority authorizing the expenditure called for by the requisition, and shall state particularly (a) the articles and materials needed, the quantity and description thereof, the time and place for delivery, and (b) the purpose or purposes for which such articles are required. The Commission shall have no authority to change or vary any requisition, but may, in respect thereof, make such representations to the Prime Minister for submission to the Governor in Council as it sees fit.

(4) As far as practicable tenders shall be called for in respect of all contracts and purchases to be made by or under the authority of the Commission, and the purchase shall be made from and the contracts given to the lowest tenderer. If in any case tenders are not called for or a purchase or contract is not made from or with the lowest tenderer the reason therefor shall be clearly recorded and shall be set out in the Annual Report of the Commission.

(5) The Commission shall furnish the Minister in charge of a Department with any information he may require with respect to any purchase made by the Commission wholly or in part for such Department, and, in the case of purchases made for either House of Parliament, such information shall be supplied at the request of the Speaker thereof.

(6) The Commission shall keep a systematic record of all business transacted under the provisions of these regulations, and such record shall show whether such contracts and purchases were made in pursuance of public tenders or not, and if not, the reasons therefor, and the Commission shall make an annual report to the Governor in Council, containing such details and information as the Governor in Council may direct.

(7) (1) The War Purchasing Commission shall forthwith take into consideration the operation of this Order in Council with respect to (a) supplies of small value which may be from time to time urgently and quickly required by any Department of the Government; (b) the existing arrangements for the purchase of supplies for the Government System of Railways; (c) any other purchases in respect to which it may be difficult, without detriment to the public interest, to enforce the provisions of this Order.

(2) The Commission shall report with all possible expedition to the Governor in Council their recommendations as to suitable provisions with regard to the aforesaid purchases.

(3) Pending such consideration and report the Commission may, in respect of all such purchases, modify the provisions of this Order to such extent as they may deem necessary or desirable in the public interest.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

P.C. 1504.

AT THE GOVERNMENT HOUSE AT OTTAWA.

SATURDAY, the 15th day of June, 1918.

The Committee of the Privy Council, on the recommendation of the Minister of Justice, advise that,—with a view to regulating requisitions for purchases or repairs to be made,—supplies or articles required of the value upon any one requisition not exceeding \$500, may be purchased upon requisition of the Deputy Minister of the Department concerned, but that requisitions for supplies or articles exceeding in value the aforesaid amount, must be approved by the Minister of the Department.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

P. C. 10/1948.

CERTIFIED *extract from the Minutes of a meeting of the Treasury Board, held on the 1st August, 1918, approved by His Excellency the Governor General in Council, on the 5th August, 1918.*

Finance.—The Board had under consideration a memorandum from the Honourable the Minister of Finance, with reference to an Order in Council of the 16th June, 1888, respecting the mode of treatment of securities deposited by contractors.

The Minister states that the effect of the said Order is that the proceeds of all deposits of cheques on account of Contractors' Security are deposited to the credit of the Receiver General and interest thereon is allowed at the Government Savings Banks rates; that he has had brought to his attention the desirability of extending the provisions of the Order in Council above referred to so as to provide for the acceptance of the bonds of the various war loan issues of the Dominion as security deposits instead of certified bank cheques.

The Minister is of the opinion that for the purpose of Contractors' Security the bonds referred to should be accepted and recommends accordingly.

The Board concur in the above recommendation and submit the same for favourable consideration.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

P. C. 883.

As amended by P. C. 1285 of Saturday the 25th day of May, 1918.

AT THE GOVERNMENT HOUSE AT OTTAWA.

FRIDAY, the 26th day of April, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

Whereas by Order in Council of the 6th February, 1918, (P.C. 307) the duties and functions of the War Purchasing Commission (hereinafter called the Commission) as defined by certain Orders in Council therein mentioned were extended under certain conditions therein prescribed to apply to all purchases to be made by the several departments of the Government;

And whereas by Regulation 7 of the said Order in Council (P.C. 307) the Commission were directed to take into consideration the operation of the said Order in Council and to report with all possible expedition to the Governor in Council their recommendations as to suitable provisions with regard to certain classes of purchases named in the said Regulation 7;

And whereas the Commission, in pursuance of the said Regulation 7, have rendered their report, under date the 22nd March, 1918, as follows:

With reference to Order in Council, P.C. 307, dated 6th February, 1918, it is noted that the War Purchasing Commission shall report with all possible expedition to the Governor in Council their recommendations as to suitable provisions with regard to certain classes of purchases named in Clause 7 of the Order in Council mentioned.

The following report is, therefore, respectfully submitted in accordance with these instructions,—

(a) Supplies of small value which may be from time to time urgently and quickly required by any department of the Government.

Under authority of the third section of clause 7 of the Order in Council, P.C. 307, the Commission requested each department to submit a report of emergency and small purchases promptly for purpose of record. The form provided for these reports bears on it a certificate that the purchases have been made by responsible officers of the department at fair and reasonable prices, that the articles purchased were or are actually required; that they will be or have been placed in possession of the proper officers for the sole use of the department and that the department has the necessary funds to pay for same. A copy of this form is attached hereto.

It is recommended that this method of dealing with small and emergency purchases be continued, at any rate for some months to come. During the course of time, no doubt, many of these purchases can be avoided or arrangements made for contracts which would cover the supply to several departments which may be buying the same articles.

(b) The existing arrangements for the purchase of supplies for the Government System of Railways.

The Canadian Government Railways are now under the direct management of two General Managers, one for the Eastern lines and one for the Western, to whom the Purchasing Agent is responsible for all purchases made.

He purchases on much the same system as any other modern railway, viz., some supplies are under contract from month to month or other periods of time, after they have been tested and found satisfactory in actual use; other supplies are purchased by competitive tender or by prices being obtained through correspondence. There are also, as in the case of all other undertakings of the kind, a large number of small orders which are purchased from the best source of supply on prices which are well known and established and which are carefully checked in the Purchasing Agent's Office. The War Purchasing Commission is not of the opinion that any material improvement could be made in the method of purchasing either from the point of view of service to the railways or of the public interest.

The War Purchasing Commission, therefore, recommends that the method of purchasing for the Canadian Government Railways, as it at present exists, be maintained for the present calendar year but subject to any directions which the Commission may give from time to time to ensure the abolition of patronage and subject also to any improvements which may be found necessary by the management of the railways.

(c) *Any other purchases in respect to which it may be difficult, without detriment to the public interest, to enforce the provisions of this Order.*

The War Purchasing Commission recommends that, as regards such purchases, they be dealt with separately as and when occasion may arise, each case being considered individually on its merits. The Commission has already taken the responsibility in certain cases, such as the purchase of pedigreed live stock, special seeds, or any materials of a highly technical character, of authorizing responsible officers of the Government, who are expert in the special lines concerned, to make such purchases, subject to their being able to certify to the prices being in the public interest, etc.

Therefore His Excellency the Governor General in Council, on the recommendation of the Prime Minister, under the provisions of the War Measures Act, 1914, and under all other powers vested in the Governor in Council, is pleased to make the following regulations and the same are hereby made and established accordingly:—

REGULATIONS.

1. If at any time supplies of small value are urgently and quickly required by a Department of the Government, the Department concerned may purchase such supplies; but in any such case, the Department shall promptly report the purchase to the Commission together with a certificate that the purchase has been made by responsible officers of the Department at fair and reasonable prices, that the articles purchased were or are actually required, that they will be or have been placed in possession of the proper officers for the sole use of the Department, and that the Department has the necessary funds to pay for them.

2. The existing method of purchasing for the Canadian Government Railways shall be maintained for the present calendar year, but subject to any directions which the Commission may give from time to time to ensure the abolition of patronage, and subject also to any improvements which may be found necessary by the management of the Railways.

3. In the case of other purchases in respect to which it may appear to the Commission difficult to enforce the provisions of the Order in Council of 6th February, 1918 (P.C. 307), without detriment to the public interest, the Commission shall from time to time take what action may be considered advisable in the public interest and in accordance with the spirit and intent of the said Order in Council.

RODOLPHE BOUDREAU,

Clerk of the Privy Council.

P.C. 2519.

As amended by P.C. 2536 of the 17th October, 1918.

AT THE GOVERNMENT HOUSE AT OTTAWA.

FRIDAY, the 11th day of October, 1918.

PRESENT:

His Excellency the Governor General in Council.

His Excellency the Governor General in Council, upon the solicitation of the Canada Food Board pursuant to the urgent request of the British Ministry of Food and under and in virtue of the powers conferred by the War Measures Act, 1914, or otherwise vested in the Governor General in Council, is pleased to make the following Regulations respecting the sale of canned salmon, and the same are hereby made and enacted accordingly:—

REGULATIONS.

1. British Columbia canners shall deliver to the British Ministry of Food in the manner and on the terms as hereinafter set forth the following percentage of their respective 1918 pack of canned salmon:—

100	per cent of the total pack of	Sockeyes.
100	per cent of the total pack of	Red Springs.
75	"	"
70	"	"
		Cohoës.
		Pinks.

And in the case of the Cohoes and Pinks the percentage shall apply equally to the Talls, Flats and Half Flats.

2. All canned salmon tendered in accordance with the requirements of this Order shall be subject to the customary inspection and acceptance as to quality and condition and when accepted shall be delivered to the British Ministry of Food or his authorized agent either f.o.b. Vancouver, B.C., or f.a.s. Vancouver, B.C., or other terminal shipping points in British Columbia, as the said British Ministry of Food shall direct.

3. The price to be paid for any canned salmon requisitioned under this Order shall be determined by the War Purchasing Commission whose decision or the decision of a majority of whom shall be final.

4. Inspection of canned salmon requisitioned under this Order shall be made before 30th November, 1918.

5. Payment for the canned salmon requisitioned under this Order shall be made to the sellers on presentation and delivery of bill of lading. Any canned salmon accepted, but not shipped before the 30th November, 1918, shall be paid for on presentation and delivery of warehouse receipt.

6. Until the prices of the canned salmon requisitioned under this Order have been determined in the manner provided, the following advances on account of the purchase price shall be made by the buyers to the sellers for all such salmon inspected and accepted:

	Talls.	Flats.	Half Flats.
Sockeyes, per case.. . . .	\$11 00	\$11 50	\$12 50
Red Springs, per case.. . . .	7 00	7 50	8 50
Cohoës, per case.. . . .	6 50	7 00	8 00
Pinks, per case.. . . .	6 00	6 50	7 50

7. To the extent the 1918 salmon pack of the British Columbia Canners has been affected by this Order they shall be released from all existing contracts for the sale of their 1918 salmon pack.

8. The price of canned salmon to Canadian dealers shall not exceed the prices at which the Canners offered such salmon for sale to the British Ministry of Food, namely:—

	Talls.	Flats.	$\frac{1}{2}$ Flats.	Ovals.	$\frac{1}{2}$ Ovals.
Sockeyes, per case	\$14 50	\$15 00	\$16 00	\$16 00	\$17 50
Red Springs, per case.	13 00	14 00		
Cohoës, per case.. . . .	11 50	12 00	13 00		
Pinks, per case	8 50	8 75	10 00		
BB and Steel Head	13 00	14 00		

and the prices of any varieties not named shall bear the same relationship to the 1917 prices as the prices named above bear to the 1917 price to Canadian dealers.

9. All British Columbia canners of salmon shall furnish the British Ministry of Food and the War Purchasing Commission or their representative or representatives, with such particulars of their 1918 pack, as the said British Ministry of Food, or their representative or representatives, shall request.

10. Every person who refuses to furnish any information herein required, or who violates any of the provisions of this Order, is guilty of an offence, and shall be liable, on summary conviction before a Police Magistrate or two Justices of the Peace, to a penalty not exceeding \$5,000, and not less than \$1,000, or to imprisonment for a period not exceeding three months, or to both fine and imprisonment.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

P.C. 2948.

CERTIFIED copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 29th November, 1918.

The Committee of the Privy Council have had before them a report, dated 27th November, 1918, from the Minister of Militia and Defence submitting that the Department of Militia and Defence find that a great many articles for which contracts had to be made in order to ensure ample supplies, are not now required. Notices of cancellation have been sent to the various contractors, many of whom, however, are not able to accept complete cancellation owing to the goods being in the process of manufacture, raw material purchased, or for other reasons.

The Minister states that in addition, the Department has on hand certain quantities of obsolete, condemned, used and surplus stores which should be disposed of at an early date.

The Minister, therefore, recommends that authority be granted to the War Purchasing Commission to deal with and settle all questions arising out of the cancellation of orders or proposed cancellation of orders, and also to dispose of all stores, whether used or new, for which the Department of Militia and Defence has no further use.

The Minister further recommends, that in cases where the Commission considers that a contractor is entitled to compensation, that the Commission be given authority to allow compensation for direct loss and damage sustained by cancellation.

The Committee concur in the foregoing recommendations, and submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

P.C. 3161.

CERTIFIED copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 24th December, 1918.

The Committee of the Privy Council have had before them a report, dated 19th December, 1918, from the Acting Minister of Trade and Commerce, recommending that a Committee be appointed to consider and report upon all means necessary or expedient to expedite the preparation of any necessary inventories of properties and goods of all descriptions held by the Departments of the Government, and to consider and advise upon the disposal or alternative form of use of any property, real or personal, or goods or materials, which have or may become, during or on the termination of the war, surplus to the requirements of any departments for the purposes of that department.

The Committee, on the same recommendation, advise that such Committee consist of:—

Minister of Militia,
Minister of Marine and Fisheries,
Vice-Chairman of the Reconstruction and Development Committee, to be
Chairman.
The Chairman of War Purchasing Commission.
J. W. McConnell, of the War Trade Board.

The Committee concur in the foregoing recommendation, and submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.
